

Be Careful

By
John F. O'Malley

Be careful of what you think,
For you become what you think.

Be careful of your thoughts about your patients,
For your thoughts become your words.

Be careful of your words,
For your words become your actions.

Be careful about your actions toward your patients,
For your actions become your habits.

Be careful of your habits,
For your habits become your character.

Be careful of your character,
For your character becomes your attitude.

Be careful of your attitude,
For *your* attitude defines *our* patients' satisfaction.
